WINTER-TIME ENERGY CONSERVATION TIPS FROM THE BUILDING DEPT.

It's time to prepare for the winter months! The Building Department offers some suggestions to get you thru those cold winter nights:

- In winter, the better the insulation, the less heat that is lost to the outside. The heating system in a properly insulated home operates less and requires less energy.

- Insulation is rated as the R-Value. The R-Value designates the ability of the material to resist the flow of heat. The higher the R-Value the more heat the insulation will keep inside in winter and outside in summer.

- A word of caution: Over-insulating can lead to moisture and ventilation problems. Always use the manufacturer's recommendations or consult an insulation contractor.

- Storm windows and doors can significantly cut heat loss. Double-pane glass has this double benefit built into the window itself.

- Seal the framing of doors and windows for air leaks. Weather-strip doors, especially the threshold at the bottom of the door.

- For old leaking windows use indoor sealing film to help reduce air infiltration. You can find the film as a kit, at most home improvement centers.

- Do not keep exterior doors open for longer periods of time than is absolutely necessary.

- Get a programmable thermostat installed. When you're away at work, set the thermostat at a slightly lower temperature and have it set to go back to the regular temperature about a half-hour before you're due to come home.

- Run a humidifier on cool days. This will add moisture to the air, which will make you feel comfortable at a lower temperature setting.

- If you haven't already done so, phone your local HVAC or furnace service technician to inspect your heating system to make sure it is operating properly.

To do so, merely send your contribution made payable to the Antioch Rescue Squad and note on the check "For Hurricane Relief". The Antioch Rescue Squad will forward your contributions directly to those needy families that once lived in our community. You will get a receipt for the contribution, and we will forward 100% of the monies collected to the families in need.

When you make your contribution you will know that one-time Antioch neighbors, families and friends are receiving the money directly.

If you'd like to make a contribution and would like to identify the family it is to go to, just drop a note to us with all the pertinent information, and we will see that they receive your specific contribution and become included in our general fund contributions as well.

Mail all contributions to: The Antioch Rescue Squad, P.O. Box 150, Antioch, IL 60002, Attn: Hurricane Relief Fund. Be sure to mark your check: Hurricane Relief Fund.
